DECLARATION OF EMERGENCY

Whereas, Nevada Revised Statute 414.070 authorizes the Governor to issue a proclamation declaring a state of emergency when a natural disaster of major proportions has occurred within this state, and the assistance of state agencies is needed to supplement the efforts and capabilities of political subdivisions to save lives, protect property, and protect the health and safety of persons in this state; and

Whereas, a severe weather system beginning on January 7, 2017, is affecting the counties of Washoe, Douglas, Lyon, and Storey, the City of Carson City, the Reno-Sparks Indian Colony, the Pyramid Lake Paiute Tribe, and the Washoe Tribe of Nevada and California, with heavy rainfall and the potential of significant flooding throughout the region; and

Whereas, the severe weather system threatens to damage residential and commercial structures in the affected areas, as well as, the health, safety, and welfare of persons in this state; and

Whereas, as of January 7, 2017, the counties of Washoe, Douglas, Lyon, and Storey, the City of Carson City, the Reno-Sparks Indian Colony, the Pyramid Lake Paiute Tribe, and the Washoe Tribe of Nevada and California, have declared a state of emergency due to the anticipated effects of the severe weather system; and

Whereas, the counties of Washoe, Douglas, Lyon, and Storey, the City of Carson City, the Reno-Sparks Indian Colony, the Pyramid Lake Paiute Tribe, and the Washoe Tribe of Nevada and California are experiencing a significant economic impact in providing emergency services in preparation for the severe weather system and anticipate continued economic obligations resulting in financial hardship for short-term response and long-term recovery of the affected areas; and

Whereas, the counties of Washoe, Douglas, Lyon, and Storey, the City of Carson City, the Reno-Sparks Indian Colony, the Pyramid Lake Paiute Tribe, and the Washoe Tribe of Nevada and California require the assistance of the state government to save lives, protect property, and protect the health and safety of persons in this state; and

Now Therefore, I, Brian Sandoval, Governor of the State of Nevada, pursuant to the authority vested in me by the Constitution and laws of the State of Nevada, hereby declare a state of emergency due to the severe weather system affecting northern Nevada and the consequent danger to life and damage to property, and direct all state agencies to supplement the efforts of Washoe, Douglas, Lyon, and Storey counties, the City of Carson City, the Reno-Sparks Indian Colony, the Pyramid Lake Paiute Tribe, and the Washoe Tribe of Nevada and California to save lives, protect property, and protect the health and safety of persons in this state; and

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City this 7th day of January, in the year two thousand seventeen.

February 9- Governor Sandoval Sends Letter to President Trump Requesting Disaster Declaration for January Floods

Governor Brian Sandoval signed a letter to President Donald J. Trump on February 9, 2017 requesting that he declare a major disaster for the State of Nevada as a result of severe and widespread flooding that occurred between January 5 and January 14, 2017. The affected regions include the counties of Washoe, Douglas, Lyon, and Storey, Carson City, the Reno-Sparks Indian Colony, the Pyramid Lake Paiute Tribe and the Washoe Tribe of Nevada and California which includes the communities of Carson, Dresslerville, Stewart, and Woodfords. The total official damage assessment is $14.82 million. The State of Nevada is seeking federal assistance through the public assistance program and the hazard mitigation program, which is standard protocol. The official letter is available at: http://gov.nv.gov/uploadedFiles/govnvgov/Content/News_and_Media/Press/2017_Images_and_Files/
Message from the Chairman

Dear Washoe Tribal Membership:

As 2016 came to an end, the Washoe Tribe continues to progressively move forward in our economic development business ventures. In November 2016, the Washoe Tribal Council approved the facility lease agreement between the Tribe and the ALIN Foundation, which will be located on the Carson Colony to offer cancer therapy by the Berkeley, CA oncologist, Dr. Kenneth Matsumura.

The Wa She Shu Travel Plaza has experienced many successes, and I encourage you all to support Tribal owned and operated businesses. The Wa She Shu Casino also continues to experience a tremendous amount of growth. We continue to have a strong relationship with the National Indian Gaming Commission as well as the Poarch Band of Creek Indians.

Last year, the Washoe Tribe received a competitive grant from the Department of Justice to renovate and make improvements to the Washoe Tribal Court. This is a top priority for the Tribe and the operations of renovation will begin this year. As a Tribe, having earned this competitive grant is a major accomplishment and we are proud recipients of said grant.

The Washoe Tribal Council successfully passed the annual budget at the December 2016 Tribal Council meeting, with resolution number 2016-12-WTC-099. As an innovative and progressive Tribe, we have made great strides in operating our Tribal businesses and enterprises by:

- Providing better infrastructure for our communities, improved roads program,
- 24/7 police protection and animal control,
- Recruitment of Washoe Tribal member and descendants in hiring practices,
- Increased youth health and wellness activities,
- Diabetes prevention services,
- Increased educational opportunities for higher education,
- Emergency financial assistance,
- New mutual help homes to be built in Stewart from receiving funds from the Low Market Tax Credit program;
- Improvements on low-rent units in the Woodfords Community,
- 4-plex housing built on the Carson Colony,
- Increased Tribal department capacity.

The Washoe Tribe has currently expressed support for the inclusion of Nevada Tribes to be noticed when any federal or state agency discovers any funerary objects near Washoe ancestral lands. Along with our pertinent staff, most notably our THPO department, to ensure that the rights of our Washoe lands are protected to the fullest extent of the law.

The many successes would not be possible without the support of our Tribal members. Thank you for your continued support of our Tribe, and our Tribal businesses.

Neil Mortimer, Chairman
The Washoe Tribal Council meets on the second Friday of every month.

February 10, 2017 Tribal Council Meeting

Most recently, the Tribal Council, through resolution, approved the liquor license application for the interim general manager at the Wa She Shu Casino.

Additionally, the Tribal Council passed resolutions that for the year 2017, in accord with Tribal Personnel Policy Section 12-5, the Tribal Council has the authority to declare holidays. The floating holiday will be July 3, 2017; and a new regular holiday was established: the day after Thanksgiving.

Job descriptions for the “Diabetes Exercise Specialist” to address the prevalence of diabetes and those at risk for diabetes was passed. A “Medical Case Manager” position was passed; this position will handle and coordinate referrals for outside patient care.

The Tribal Council passed, for immediate and mandatory use, the following forms for land assignments: “Application for Tribal Land Assignment,” “Recertification for Existing Tribal Land Assignment,” “Notice of Cancellation of Tribal Land Assignment,” “Relinquishment of Tribal Land Assignment,” and “Certificate of Issuance.” The forms are available at Tribal Headquarters, with the Secretary-Treasurer of the Tribal Council. The adoption of the forms allow for proper use and distribution of applications for land assignments—pursuant to the Washoe Tribe Constitution, Article VIII, Section 6: “All applications for assignment of tribal land shall be filed with the Secretary of Tribal Council, on standard forms (Title 26, Section 1, subsection C."

Lastly, the Tribal Council passed a resolution presented by the legal department to expand the Woodfords Cemetery to a total of 5.09 acres. The land is located in Alpine County, CA and was a transfer from the county to the Tribe.
Chairman Neil Mortimer was an invited guest by the President of the Senate, Mark Hutchison, of the Legislature of the State of Nevada on February 14, 2017, as an honorable guest of Senator Todd Settlemeyer. Senator Settlemeyer proudly introduced Chairman Mortimer, recognizing the leadership efforts of the Washoe Tribal Council for remaining a strong advocate for Washoe Tribal interests such as protecting inherent tribal sovereignty, capitalizing on existing and new economic development fronts, maintaining Washoe cultural attributes, as well as strengthening the Washoe Tribal government through advancing the presence of the voice of the Washoe Tribe on county, state, and federal platforms.

Senator Settlemeyer recognized Chairman Mortimer and the Tribal Council’s many successes. The Washoe Tribe has ensured renegotiations of the Tribe’s existing gaming compact is most beneficial for Tribal membership, utilized state and federal new market tax credits for creation new economic enterprise on Tribal lands, partnered and pioneered the very first tribe-to-tribe land lease for gaming operations on Washoe Tribal lands, supported Tribal efforts for important Washoe cultural sites to be listed on national registries, and overseen implementation of a new Tribal court building under a $1.4million grant from the Department of Justice.

Most importantly, the Washoe Tribal Council has facilitated improvements in communities by ensuring new and updated law and order code revisions, ensuring new roads programs improve communities; the Washoe Tribe has also received Nevada’s first low-income tax credit funds to..

construct new homes for home ownership for the benefit of Washoe Tribal members.

The focus of the day was to recognize the Indian Tribes of Nevada, and was formalized by NRS 236.038 in 2013 which reads: the Nevada Indian Commission shall invite the Legislature, the Governor and other elected officials to recognize and pay tribute to the history and culture of American Indians and their contributions to the prosperity and cultural diversity of Nevada and the United States and to schedule activities and discussions between state and tribal leaders on issues of common interest. There was a high turnout of participants and elected officials this year in the event, which was co-sponsored by many of the Northern Nevada Indian Tribes. Respected Washoe Tribal was also requested to present the opening prayer for the Legislative session.
The Washoe Tribal Council appointed Lana Hicks to the Washoe Cultural Resource Advisory Committee (WCRAC) for off reservation representative. The WCRAC has been working with the Sacramento Municipal Utility District (SMUD) to present on the UARP project including artifact reburial recommendations. The SMUD representative presented to the WCRAC and discussed site conditions at two archeological sites with WCRAC; mitigation measures include road closures, regular monitoring, conceal site, and post signage that states “stay out.”

The California Department of Fish and Wildlife included the Washoe Story on the “Hope Valley Kiosk”

The WCRAC represented the Washoe Tribe at the Reno Sparks Indian Colony annual THPO dinner for appreciation of tribes and their collaborative efforts to protect cultural resources in December.

For further information regarding proposed changes to the Washoe Tribe Constitution, the Constitution Committee was appointed by the Washoe Tribal Council, effective in February 2016. The Committee consists of Chairwoman Jacqueline Steele and members Stan Smokey, Jeremy Steele, Benny Fillmore, Lisa Christensen, Patrick Burtt, and Samantha Fillmore. For further inquiry, contact any member of the Committee.

Article X, Section 1 of the Washoe Tribe Constitution and Bylaws reads: “the Constitution and bylaws may be amended by a majority vote of the qualified voters of the Washoe Tribe voting in an election called for that purpose by the Secretary of Interior. Provided that at least 30% of those entitled to vote shall vote in such election. No amendment shall become effective until it shall be approved by the Secretary of Interior.”
As we continue to move forward, the Washoe Tribe would like to extend a warm welcome to the new Washoe Tribal Health Center Director Angela Wilson. Angela has many years of Tribal Health Administration experience, and brings forth a wealth of knowledge to the Washoe Tribe. Most recently, Angela was quoted “Medicaid has had the biggest impact at the local level,” on Indianz.com on an article regarding Obamacare. Angela sits on the National Indian Health Board and is a member of the Pit River Indian Tribe.

EDUCATION DEPARTMENT

The total number of American Indian/Alaskan Native students in the local service area are over 450; program offers K-12 tutoring services and Johnson O’Malley Scholarship Program; “Adult Vocational Scholarship,” “Incentive Higher Education Scholarship” (received 3.0 GPA or higher and continuing in a post-secondary education institution). The Washoe Tribe would like to extend a warm welcome to Constance Barnes, MAT, as our new Education Director. She brings forth her experience working in Indian country, her teaching credentials, and is an enrolled member of Robinson Indian Rancheria.

Department of Social Services also has welcomed new Director Stacy Stahl. Stacy brings forth a variety of experience and contributes to the operations and is a member of the Yerington Paiute Tribe.

The Emergency Assistance Program continues to operate under Tribal funds designated to provide financial assistance to enrolled Washoe Tribal members, under emergency circumstances. The “Emergency Assistance” application is available online and at Tribal Headquarters, and the Department of Social Services.
The Department of Social Services funds the following programs:

- Indian General Assistance
- Food vouchers,
- Burial assistance,
- Thrift store vouchers,
- Emergency Assistance,
- Foster Care services,
- Child Protective Services,
- Referrals

The Washoe Tribe’s Elder Center offers a variety of services to our most invaluable members, our elders. Under new management by Director Courtney Hardin, the Elders Center has been working to provide congregate and homebound meals to elders in Dresslerville, Woodfords, and the Carson and Stewart communities. The Elder Advisory Site Council meets at the Dresslerville Elder Center on the first Thursday of the month at 1:00 pm.

There was a great turn out for the Annual Elders Dinner at the CVIS Hall in December 2016.

The Washoe Tribe is proud to announce that the “Firewood Project for 2016” was a success and serviced Washoe Tribal elders and community members. Beginning in December of last year, Chairman Mortimer arranged to have the wood from the Skunk Harbor thinning project split, chopped and delivered to the Communities. With the assistance of the four Communities and Off Reservation, a list was established for the Elders, Disabled and Senior members of each Community. Due to a limited amount of funds available from the Chairman’s budget, deliveries began with the Eldest of the Elders in each Community and went down in age from there. There were a total of six crew members that worked diligently to get the wood prepared for delivery as quickly as possible as the weather began to change. With limited resources, the Tribe was able to distribute 86 cords of wood throughout the Communities. However, there were several Tribal Members on the list that did not receive any wood, as funding was limited. It is the goal of the Tribe to accommodate all eligible Tribal elders in the future projects.
At the January 2017 Washoe Tribal Council meeting, Director Norm Harry presented the following resolutions to the Washoe Tribal Council (all were approved):

Resolution for authorization of the Student Association for International Water Issues (SAIWI) to work with WEPD and Ranch Managers for the assessment and repairs of the existing solar wells located on the Stewart Ranch;

Resolution to approve the 2017 General Assistance Program, the Tribal Council authorizes and approved submission of an application for funding for the four year program not to exceed $375,000 annually for the U.S. Environmental Protection Agency;

Resolution to adopt the 2016 Nonpoint Source Assessment and Management Program Plan and authorizes the WEPD to implement the plan in coordination with the Tribal Communities, Tribal members, U.S. EPA, and other appropriate governmental and private sector partners.

The WEPD successfully completed the Skenandore Allotment cleanup with the Bureau of Indian Affairs commending the WEPD for the final outcome.

WEPD continues to oversee the Carson and Stewart burned area stabilization projects.

WEPD offers a recycle pick up on Wednesday mornings. Contact Eric Fillmore for additional information.

The Noxious weeds program provided comments to the Nevada Department of Agriculture regarding the Nevada Noxious Weed Management Plan;

Implemented a hands on learning experience for Stewart Community youth through the Stewart Community Burn Site Re-seeding Project;

Coordinated the re-seeding of 23 acres for the Stewart Community Burn Site Re-seeding Project with native perennial bunch grasses and flowers;

Conducted the 7th Annual Bird Count in December 2016.

The four purposes of the Washoe Native TANF Program are:

- To provide assistance to needy families so that children may be cared for in their own homes, or in the homes of relatives;
- To end the dependency of needy parents on government benefits by promoting job preparation, work, and marriage;
- To prevent and reduce the incidence of out-of-wedlock pregnancies;
- To encourage the formation and maintenance of two-parent families.

The Marriage Formation Assistance Program promotes the four purposes of TANF and provides a one-time assistance payment up to $1,000, per TANF Program Policy Section 9.6.

The Washoe Native TANF Program Policy was updated at the December 2016 Tribal Council meeting and was approved by the Washoe Tribal Council. The Policy is available at all Tribal TANF sites, as well as the Washoe Tribal Website under the Tab “Tribal Documents” and “Washoe Native TANF Program Forms” under “Washoe Native TANF Policy.”

The Cultural Resource language teachers, Melba Rakow, Mischelle Dressler, and Herman Fillmore, conducted a class on Washoe culture at Intertribal Friendship house on January 9, 2017.

The Second Continuing Resolution (H.R. 2028) was passed to continue current funding levels for TANF and other Indian programs; federal funding is guaranteed through April 28, 2017.

TANF offers the following programs: Fitness, Healthy Relationships, Anger Management, Life Skills, Diabetes Prevention, Substance Abuse Prevention, Healthy Choices, Motherhood is Sacred, Fatherhood is Sacred, First Five Parent/Child classes, Head Start Parenting, Washoe Language Classes, Beading, Sewing Circles, Family Hand Drums, Pottery, Washoe Songs, Native Language classes, Basket making, computer classes, Resume building, interviewing skills, career pillars, GED instruction, Secondary Education Orientation.

Updated Estimated Dollar Shares for Each Class Member

The Final Settlement Agreement (FSA) provided estimated percentages of the settlement amount to be distributed to each Class Member in Appendix 2. These share percentages were only estimates because the share percentages were subject to change based on a number of factors identified in the FSA, including a change if additional Class Members were later identified. FSA § VIII.D.1. During the objection period following the Court’s preliminary approval of the FSA, a tribal contractor not previously identified as a Class Member asked to be included in the Class. In response, the Court on December 17, 2015 issued an Order adding 55 newly-identified tribal entities to the class. To read more about these additional entities, please refer to the Joint Memorandum in Response to Objection by United South and Eastern Tribes, Inc., Doc. 1328, available at http://www.rncsettlement.com/_developments/151216%20Jt%20response%20USET%20obj%201328.pdf, and the Court’s Order regarding the objection, Doc. 1329, available at http://www.rncsettlement.com/_developments/151217%20ORDER%20re%20USET%20obj,%20notice%2026%20new%20members.pdf. The 55 additional Class Members will collectively receive 0.2256% of the estimated Net Settlement Amount, causing a minor recomputation of other tribal shares.

As before, the computation of the estimated dollar shares is based on the following assumptions: Settlement amount $940,000,000 Less attorneys fees @ 8.5%

$79,900,000 Subtotal
$860,100,000 Less estimated costs $1,500,000 Less reserve fund $4,000,000

Amount available for distribution $854,600,000 Based on these assumptions, the estimated dollar shares for each Class Member will be as follows:

<table>
<thead>
<tr>
<th>Class member number: 680</th>
<th>WASHOE TRIBE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Received: 0.05546% interest in the class settlement</td>
<td></td>
</tr>
<tr>
<td>Received total: $ 473,942</td>
